DETAILED ACTION

In the amendment filed on 10/14/09, the following have occurred, claims 1, 5, 7, and 13 have been amended and claims 1-5, 7- 8, and 10-13 are currently pending.

Response to Arguments

Applicant's arguments, filed on 10/14/09, with respect to claims 1-5, 7-8 and 10-13 have been fully considered and are persuasive. The previous art rejection has been withdrawn and claims 5, 7-8 and 10, 12-13 are hereby allowed. Claims 1-4, and 11 would be allowable if rewritten to overcome the rejection under 35 U.S.C 112th second, paragraph.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-4, and 11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The applicant recites the limitation "**in response to the information regarding the order identifier causing** payment to be approved by the financial processor, **and provided to the provider delivering** the at least one item or service to the receiver; **and in response to the information being not causing payment to be approved** by the financial processor, not delivering the at least one item or service to the receiver. The examiner contends that this limitation is

replete with errors and thus incomprehensible to the examiner. Appropriate correction is required.
